Registered Kinesiologist

Our kinesiologists work under the title of Behavioural Therapist to support clients in achieving a more meaningful and fulfilling life by engaging in values and goals-based activities. The focus of our service is to support the functional activation of our clients to move towards the life they want to live, in the presence of significant challenges such as chronic pain, anxiety, depression, and trauma. At Odyssey Health we deliver care to people looking to get back to the best life they can live, including a return to employment.

Location: Remote (fully work from home)

Employment Type: full time, part time and contracted

Our core values: Compassion, Integrity, Respect, Accountability, Continuous Learning

You are:
- A kinesiologist registered and in good standing with your provincial regulatory body, as applicable.
- A professional with a minimum of 5 years of experience delivering patient care and the ability to deliver evidence-based interventions facilitating functional restoration with a return-to-work focus.
- Experienced in delivering, as within your scope of practice, Behavioural Activation, Acceptance and Commitment Therapy or training, and motivational interviewing with adults.
- Able to function effectively as part of an inter-professional team, while also working independently.
- Highly organized and able to demonstrate time management and consultation skills.
- An excellent communicator, with exemplary oral and written skills.

What we offer:
- A competitive compensation and benefits package for non-contracted positions
- Flexible work hours
- Fully remote work environment
- Ongoing professional development
- A family friendly workplace
- $67,000 - $75,000 starting salary

If selected for employment, candidates will be required to submit a criminal background check dated within one year of their start date.
